### "WHAT MAKES GOOD MEAT?"

We are often asked, Answer too long for this space. You may be surprised to know how much (healthy cattle and scientific slaughtering as a basis) depends on the retail butcher. It's the way we have of storing, handling, cutting and serving that makes this meat market stand out as one worth patronizing.

## SOME FEW IN POLICE COURT

The first man to face the mayor in police court this morning was Arthur Streets. This was a return engagement for him, twice before during the present administration has been brought around. He was sent to jail for three days for his old crime, that of drunkenness.

Martin Noon was drunk and disorderly by Officer Burke. He did not deny it and surprised the gang by paying the \$6.60 fine.

Jack Murphy was so drunk that it took three officers, Burke, Whyte and Lewis to land him. He was sent up for five days.

John Foster was a plain drunk by Burke and Whyte and went across for three days.

Marion Riffer was another plain one by Brooks and Whyte but he paid the \$4.60 fine.

Fred Anderson, who was arrested by Officer Nelson, said he thought he could dig up the \$4.60 and an officer was sent out with him.

William B. Fallen was a drunk by Officer Whyte, unassisted, and went to jail for three days.

## WEST MILFORD

WEST MILFORD, July 25.—The much needed rains of the last few days have put new life in vegetation, but great heat still prevails, that makes it almost unbearable to do much hard work on the farm or elsewhere.

Doctor Davisson and Uncle Jim Highland have been canvassing the county recently in the interest of that great remedy known as "Susanna."

We regret to note the serious illness of Mrs. Opal Thornberry, who has been stricken with typhoid fever, and is reported quite sick.

Hiram L. Munday, candidate for county commissioner, was in Clarksburg Saturday, probably nailing a few loose boards on the political fence. Mr. Munday is certainly in that class from which good court timber may be selected, and we feel certain that no mistake will be made if he is made the Republican standard bearer.

Our meat market man, W. O. Kennedy, is in Doddridge county, buying up cattle to slaughter for the Clarksburg and West Milford market.

Hay cutting is being greatly hindered by the unfavorable weather of this and last week.

Scott G. Highland, R. C. Helmick, Kenna West and Lucien Ward came up from Clarksburg Saturday evening, making their customary weekly visits to their respective parents.

## SPORTING NEWS

Chicago's club has a man in reserve on whom there is some doubt. "Bull" Smith, of Wheeling, is the player. The club executive asked Pittsburgh's boss as to the ability of Smith. "I would like to know," said he. "We sent him to St. Paul with a proviso that we could buy him back five days before the drafting season if we desired. Jimmy Ryan thinks that Smith is a great ball player. We didn't have time to try him out the way we wanted. He has been sick most of the time with St. Paul and has not been able to work. Smith struck me as being a nice young man. He married a lovely girl just before our spring trip and tried to show his best form with us. He is an intelligent fellow, a college graduate, and a man who would be a credit to any baseball nine." Pittsburgh had Smith once. This was about two years ago. He did not show form then which pleased Manager Clarke. At times Smith gave displays of speed, but on the whole he was not worth holding on to.—Sporting Life.

If the P. O. M. League fails to stand the test this season failure should not be blamed on a poor circuit. Though the towns are not exactly close together, they are fair jumps and have shown themselves to be good ball centers. However, the league paid pretty high salaries for a fledgling to go along and make out even. They say that Uniontown was willing to hand over \$300 per month to some players. Butler was the first club to show signs of asking for help from the citizens. And this came in the face of the fact that the club drew well everywhere. Butler has close onto 20,000 people and many industries pay out large sums every two weeks. The chances are that if the league must go to the wall an effort will be made to reorganize for 1907 with a shorter circuit and a salary limit which will be rigidly enforced.

Supt. Ruckman, of the Monongah mines, was here Tuesday morning enroute to Huntington.
